SYMBOLS

Throughout the catalogue, you'll find icons to help you quickly identify key features of Karlsson clocks. Here's what they mean:

Clock has a light to help you see the time in the dark.

This clock is an alarm clock with silent movement.

Ultra-quiet clock movement. No ticking sound to distract you. The second hand moves in a smooth, continuous motion.

Pendulum movement - this brings a swinging motion to the clock design. This motion shows the seconds passing by.

Product has a movement sensor which activates sound.

**IN MEMORIAM – JOYCE VAN KRIEKEN**

One out of seven women and some men get to deal with breast cancer in their lives.
Our dear colleague Joyce van Krieken was one of those women.

Unfortunately, she lost her battle against cancer. In her memory we dedicate 5% of the proceeds of the Joy clock, a clock she designed for Karlsson, to Pink Ribbon.

Pink Ribbon is a foundation which supports the research of breast cancer, not only to cure, but also for prevention, personal treatment plans, and quality of life.

At Present Time we would like to make your house feel like a home. With on trend decor items in pretty materials we add a touch of colour and fun to every room.

Our in-house design team takes inspiration from all over the world, especially Scandinavian countries. Each collection has its own trend colours & materials and is always easy to mix with previous collections. Available in different styles, from exciting eye-catchers to clean, simple statement pieces.

We make interior decoration affordable and accessible to anyone wanting to add a touch of fun to their home.

Handmade or hand-painted: slight variations may occur, making each piece unique.
